## *Did you know?*

According to the EPA, **44.8 million tons** of food scraps and yard waste are placed in the landfill.

Rotting organic matter in landfills turns into methane, one of the most potent global warming gasses.

We deliver the highest quality customer service, are committed to environmental protection efforts and emphasize professionalism in all undertakings. Everything Recology does is founded on a single principle: provide superior service while controlling costs. We hope you take advantage of the services we have to offer you and your business.

*Together, with our continued recycling efforts, we can all make a difference to conserve natural resources and reduce the waste that goes to the local landfill.*

# Commercial Containers

Commercial containers come in a variety of sizes to suit your Recycle, Compost and Garbage service needs.

SIZE	LENGTH	WIDTH	HEIGHT
32-gallon	24.25"	19.25"	38.5"
64-gallon	31.75"	24.25"	41.75"
96-gallon	35.25"	29.75"	43.25"

Commercial Containers are available in a variety of sizes. The most common sized containers are listed below.\* Call Recology at **408.725.4020** for a free audit to help you get started.

\*Container sizes may vary

Internal Compost containers are available at no additional charge, subject to availability.

# Compost Program

Think there isn't anything you can compost? Think again!

Don't send your food scraps and organic material to the landfill; compost them instead. We encourage you to use Recology programs to start composting at your facility. A successful program can help conserve natural resources and save landfill space. Your bottom line and the environment will benefit.

# Single Stream Recycling

You can now place all of your recyclables into one container. Commercial customers that subscribe to garbage collection service are entitled to Single-Stream recycling service at no additional charge.

By increasing recycling and reducing your garbage, it's possible to lower your garbage service level, which may result in cost savings. You can also show your customers, employees or tenants that you care about your impact on the environment and increase your visibility as a community leader. That is an opportunity you can't afford to pass up, which is why recycling is truly smart business!

## UNACCEPTABLE ITEMS:

- Food contaminated packaging
- Garden hoses
- Packing peanuts
- Paper towels, napkins, facial tissue
- Plastic Bags
